**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – April 2024

Third Year

SURGERY PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Define Ulcer. Classify them clinically and describe the clinical features of healing and non healing ulcers.
- 2) Define injury and classify the various head injuries with a note on the homoeopathic management of head injury.
- 3) Define AIDS. Describe the transmission, diagnosis and general management of a HIV patient.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) The indications of Arnica and Lachesis in head injuries.
- 5) The indications of Hamamelis and Phosphorous in Haemorrhage.
- 6) Hepar Sulph and Merc Sol in boils.
- 7) Fistula, its types and the homoeopathic management with Silecia and Nitric acid.
- 8) Indications of Secale cor and Phosphorous in Arterial Haemorrhage.
- 9) Brain concussion and its Homoeopathic management.
- 10) Wound classification and types.
- 11) Cactus and digitalis in cardiogenic shock.
- 12) Nux Vom and Stramonium in Tetanic convulsions.
- 13) Classification of burns.
- 14) Cerebral Hematoma – clinical features.
- 15) Causes of Varicose veins.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Opportunistic infections.
- 17) Paucibacillary leprosy.
- 18) Frost bite.
- 19) Diagnostic tests for TB infection.
- 20) Silesia in Pilonidalsinus.
- 21) Belladonna in cellulitis.
- 22) Components of Blood Transfusion.
- 23) Signs and symptoms of Raynaud's phenomenon.
- 24) Arnica in injury.
- 25) Mammography.

Sl.No: M24214

**B.H.M.S. DEGREE EXAMINATION – March 2024
Third Year**

SURGERY PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Describe the aetiology, clinical features, investigations and management of Ca stomach.
- 2) Describe the aetiology, clinical features, differential diagnosis and management of Acute Cholecystitis.
- 3) Describe the aetiology, clinical features and homoeopathic management of Acute Otitis Media.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Gingivitis and indications of two homoeopathic remedies for it.
- 5) Correction of Myopia and Hypermetropia.
- 6) Indications of Phosphorous and Gelsimium in cataract.
- 7) Indications of Argentum met and Causticum in Aphonia.
- 8) Clinical features and management of Tonsillitis.
- 9) Differential diagnosis of nose block.
- 10) Indications of Kali Bi and Heparsulph in Siunusitis.
- 11) Tinnitus, its causes and its homoeopathic management.
- 12) Indications of Conium and Cocculus Indicus in Vertigo.
- 13) Causes of Reflux Esophagitis and its homoeopathic management.
- 14) Ostiomyelitis – its clinical features and complications.
- 15) Indications of Lycopodium and Berberis Vulgaris in Urolithiasis.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Spongia in Goiter.
- 17) Millifolium in bleeding per rectum.
- 18) Peau d'orange.
- 19) Rhododendron in Orchitis.
- 20) Murphy's sign.
- 21) Plumbum Met in constipation.
- 22) Belladonna in ear pain.
- 23) Bismuth in Intestinal obstruction.
- 24) Coffee ground emesis (vomit).
- 25) Kreosote in dental caries.

Sl.No: M24067

B.H.M.S. DEGREE EXAMINATION – February 2024

Third Year

SURGERY PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Define Gangrene and its types. Describe the causes of gangrene and its general management and Homoeopathic management.
- 2) Define Abscess and write about the various clinical presentations of it. Give the clinical features and management of Pyogenic abscess including its Homoeopathic management.
- 3) Describe Bergers disease (TAO) with reference to its clinical features, investigations and management.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Apis and Apocynum in Anasarca.
- 5) Phytolacca and Bryonia in lymphangitis.
- 6) Hammamelis and Pulsatilla in Venous Hemorrhage.
- 7) Actinomycosis.
- 8) Neurofibromatosis.
- 9) Ant crud and Nitric acid in corns.
- 10) Secale cor and Mer sol in non-healing ulcers.
- 11) Anthracinum and Arsenic in Gangrene.
- 12) Malignant tumour.
- 13) Compartment syndrome.
- 14) Agaricus and Secale cor in frostbite.
- 15) Hyponatremia.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Tourniquet test.
- 17) Bed sores.
- 18) Raynods syndrome.
- 19) Intermitten claudication.
- 20) Ulcer Edges.
- 21) Silesia in Fistula.
- 22) Carcinoma in situ.
- 23) Rhus tox in Erysipelas.
- 24) Ghon Complex.
- 25) Mammography.

Third Year

SURGERY PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Describe the aetiology, clinical features, differential diagnosis and management of Acute Appendicitis.
- 2) Define Fistula in Ano. Describe the causes, classification and clinical features of it along with the indications of 4 Homoeopathic remedies.
- 3) Describe Inguinal Hernia and its types. Describe the clinical features, investigations and examination findings.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Uvitis.
- 5) Chalazion.-Staphysagria and Thuja
- 6) Trachoma
- 7) Causes of Dysphagia.
- 8) Causticum and Arum Triphyllum in Dysphonia.
- 9) Pterygium
- 10) Halitosis and indications of 2 homoeopathic remedies for it.
- 11) Sepia and Podophyllum in Prolapse.
- 12) Picric acid and Chin Sulphin tinnitus.
- 13) Baryta carb and Phytolacca in adenoids.
- 14) Snoring, its causes and management.
- 15) Sinusitis.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Helleborus in Brain Tumour.
- 17) Bromium in Goiter.
- 18) Colocynth in Colitis.
- 19) Epistaxis.
- 20) Mer sol in Gingivitis.
- 21) Theridion in Vertigo.
- 22) Chelidonium in Jaundice.
- 23) Tobaccum in Dysuria.
- 24) Peau d orange.
- 25) Pulsatilla in orchitis.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – October 2023

Third Year

SURGERY PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Describe Varicose Veins of legs under the headings of etiology and predisposing factors, clinical features and complications.
- 2) Define and classify Hemorrhage. Explain the general and Homoeopathic management of it.
- 3) Define and classify Wounds. Describe the basic processes and stages involved in wound healing.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Belladonna and conium in Lymphadenitis.
- 5) Hepar sulph and Merc sol in Abscess
- 6) Calendula and Nitric acid in Ulcers.
- 7) Phosphorous and Lachesis in Hemorrhage.
- 8) Cantharis and Apis in Burns.
- 9) Cellulitis.
- 10) Dermoid cyst.
- 11) Lipoma.
- 12) Rodent cell ulcer.
- 13) Stramonium and Nux vomica in Tetanus.
- 14) Gas gangrene.
- 15) Hammamelis in varicose veins and venous ulcers.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Lepromatous leprosy.
- 17) Nitric acid in nonhealing ulcer.
- 18) Dulcamara in warts.
- 19) Causticum in Keloids.
- 20) Ruta in Ganglion.
- 21) Belladonna in Hemangioma.
- 22) Curling ulcer.
- 23) Cold Abscess.
- 24) Pilonidal Abscess.
- 25) Parenteral fluid therapy.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – October 2023

Third Year

SURGERY PAPER II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Describe the Aetiology, spread, clinical features, investigations and management of Breast Cancer.
- 2) Describe the Aetiology, clinical features, investigations and management of Ca Stomach.
- 3) Define Cholelithiasis and the types of stone formed. What are the clinical features and investigations done in a case of Acute Cholecystitis along with its Homoeopathic Management.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Umbilical Hernia.
- 5) Open – Angle Glaucoma.
- 6) Warthins Tumour.
- 7) Bryonia and Apis in Pleural effusion.
- 8) Lycopodium and Sarasaparilla in Renal Stone.
- 9) Kreosote and Mer sol in Dental Carries.
- 10) Ruta and Gelsemium in Cataract.
- 11) Belladonna and Arg Nit in Conjunctivitis.
- 12) Teucrium and Kali Bi in Nasal Polyp.
- 13) Petroleum and Chin – Ars in Tinnitus.
- 14) Pulsatilla and Silicea in Otitis Media.
- 15) Heparsulph in Quinsy.

III. Write short notes of the following: (Answer ALL): (10 x 2 = 20)

- 16) Conium in BPH.
- 17) Apocynum in Asites.
- 18) Cal Fluor in Osteoarthritis.
- 19) Mer sol in bleeding per rectum.
- 20) Murphy sign.
- 21) Ganglion.
- 22) Mammography.
- 23) Portal Hypertension – signs and symptoms.
- 24) Differential Diagnosis of Hematuria.
- 25) Cullen sign.

(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – May 2023

Third Year

SURGERY PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Define Ulcer parts of Ulcer and types of edges of Ulcer. Classify Ulcers with General and Homoeopathic Management of Ulcer.
- 2) Define Burns. Different types, assessment, Management and treatment of Burns.
- 3) Classify shock. Describe clinical features of shock. Write investigation and management of Septic shock.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Granulomatous Lymphadenitis.
- 5) Compartment Syndrome.
- 6) Dermoid Cyst.
- 7) Phosphorus and Ipacac in Haemorrhages.
- 8) Ars.iodatum and Conium Maculatum in Epithelioma.
- 9) Arnica and Bellis Perennis in Traumatism.
- 10) Rhus tox and Graphitis in Erysipelas.
- 11) Benzoic Acid and Ruta in Ganglion.
- 12) Anthracinum and Carboveg in Carbuncle.
- 13) Conium Maculatum and Condurango in Cancer.
- 14) Examination for fluctuations in a Swelling.
- 15) Difference between Benign and Malignant Junction.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Ghon's Complex.
- 17) Stramonium in Tetanic convulsions.
- 18) Apis in Cysts.
- 19) Thiosinaminum – Skin.
- 20) Pyrogen in Septic boils.
- 21) Silicea in Abscess.
- 22) Urtica Urens in Burns.
- 23) Moist Gangrene.
- 24) Bazin's Ulcer.
- 25) What is Kangri Cancer?

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

**B.H.M.S. DEGREE EXAMINATION – May 2023
Third Year**

SURGERY PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) What are the causes of Retention of Urine? Describe the aetiology, pathology, clinical features, Investigations and management of Benign Prostate Hyperplasia?
- 2) Explain the causes of lower gastrointestinal bleeding. Write in detail about Haemorrhoids.
- 3) Classification of Neck Swellings and brief discussion on goiter, types of goiter its signs and symptoms.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) A patient complains about triangular patch in conjunctiva as a sign and marked visual impairment as a symptom. Write in detail about diagnosis.
- 5) Explain Tinnitus.
- 6) Mastoiditis.
- 7) Hamamelis and Millefolium in Epistaxis.
- 8) Baryta Carb and Calcarea Carb in Tonsillitis.
- 9) Closed angle Glaucoma.
- 10) Pulsatilla and Sepia in Conjunctivitis.
- 11) Causticum and phosphorus in Cataract.
- 12) Inguinal hernia.
- 13) Chionanthus and chelidonium in Gallstones.
- 14) Apocynum and Apis Mel in Ascites.
- 15) Staphisagria and Amm.carb in Teeth affection.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Clematis in Orchitis.
- 17) Helleborus in Hydrocele.
- 18) Tubacum – Head.
- 19) Manganum Aceticum in Osteoarthritis.
- 20) Abies Nigra – Stomach.
- 21) Boas Sign.
- 22) Raynaud's disease.
- 23) Angiography.
- 24) Causes of Splenic Rupture.
- 25) Pathological features of Crohn's disease.

(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – October 2022

Third Year

SURGERY PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Define and classify haemorrhage- write about clinical features, management and indications of 5 homoeopathic remedies for haemorrhage.
- 2) Define shock, types of shock. Write details about hypovolemic shock and management.
- 3) Define gangrene. Explain its types, pathogenesis clinical features and its management.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Haemangiomas.
- 5) Cicuta and hydrocyanic acid in tetanus.
- 6) Merc. Sol and belladonna in boils.
- 7) Thuja and Antimonium Crud in Warts and Corns.
- 8) Silicea and hepar sulph in foreign bodies in tissues.
- 9) Indication of arnica and haemamalis in hematoma.
- 10) Cantharis and urtica urens in burns.
- 11) Gas gangrene.
- 12) Rule of nine.
- 13) What is felons write the surgical anatomy, causes, clinical features and investigation of felon.
- 14) Types of wound.
- 15) Dermoid cyst and sebaceous cyst.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Koposis sarcoma.
- 17) Define sinus and fistula.
- 18) Nosocomial infection.
- 19) Lachesis in septicaemia.
- 20) Veratrum album in surgical shock.
- 21) Sulphuric acid in ulcer.
- 22) Abrotanum in haemangioma.
- 23) Write two indicated remedies with indications for keloid.
- 24) Staphysagria in post operative neuralgia.
- 25) Ruta indication in ganglion.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – October 2022

Third Year

SURGERY PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Write the indication of belladonna, , Rhus toxicodendron, Argentum Nitricum, pulsatilla Kali bichromicum in conjunctivitis.
- 2) Classify causes of acute abdomen. Write the definition, causes, clinical features, treatment and complication of acute cholecystitis.
- 3) Write aetiology, pathology, spread, clinical features of malignant neoplasm of breast.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Hydrocele.
- 5) Smith fracture.
- 6) Belladonna, Ferr. Phos and chamomilla in acute earache.
- 7) Explain about acute Tonsillitis.
- 8) Natrum sulph and hypericum in head injury.
- 9) Explain alveolar abscess.
- 10) Motor paralysis of vocal cords.
- 11) Kreosotum and mezereum in teeth affection.
- 12) Injury to eye.
- 13) Errors of refraction.
- 14) Belladonna and Echinacea in appendicitis.
- 15) Iodum and Natrum Mar in Goiter.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Plumbum in hernia.
- 17) Litre's hernia.
- 18) Hashimoto's thyroiditis.
- 19) Epispadias.
- 20) Hydronephrosis.
- 21) Termination in urinary troubles.
- 22) Sticta in housemaids knee.
- 23) Sarsaparilla in renal calculi.
- 24) Lachnanthes in cervical spondylosis.
- 25) Argentum nitricum in stomach complaints.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

SURGERY PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following:

(2 x 15 = 30)

- 1) Define Haemorrhage, Cause, Different types, Assessment, management and its Homoeopathic treatment.
- 2) Define Shock. Describe in detail about classification, pathogenesis, clinical features and its management.
- 3) Indications of Arnica, Hypericum, Ledum pal, Calandula Symphytum in the case of injuries.

II. Write short essays on any **TEN** of the following:

(10 x 5 = 50)

- 4) Varicose Veins with two remedies.
- 5) Rule of Nine.
- 6) Ruta and Symphytum in Fracture.
- 7) Indications of Arsenicum album, Condurango and Lapis alba in Cancer.
- 8) What are the surgical Disease in Silicea? Write its indications in each disease.
- 9) Define Neurofibroma. Write in detail about different types of Neurofibroma.
- 10) Sebaceous Cyst.
- 11) Differentiate between Benign and Malibgnant Tumour.
- 12) Mercurius and Aurum met in Syphills.
- 13) Rhustox and Apis mellifica in Erysipelas.
- 14) Cervical Rib.
- 15) Pulmonary Embolism.

III. Write short notes of the following: (**Answer ALL**):

(10 x 2 = 20)

- 16) Frozen Shoulder.
- 17) Acute Paronychia.
- 18) Callosities.
- 19) Nosocomical infection.
- 20) Athlete's foot - Two indicated remedies.
- 21) Dry gangrene - Secale cor.
- 22) Implantation Dermoid.
- 23) Bowen's disease.
- 24) Stramonium in Tetanus.
- 25) Bed sore.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – August 2021

Third Year

SURGERY PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Classify Hernia. Explain inguinal hernia and its clinical examinations, complication and Homoeopathic management.
- 2) Write in detail about Glaucoma with indication of five Homoeopathic remedies.
- 3) Write the indications of Graphites, Hepar Sulph, Merc.sol, Nitric acid, Silicea in Chronic Suppurative Otitis Media.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Hydronephrosis.
- 5) Pterygium.
- 6) Quinsy with two remedies.
- 7) Write about Intussusception.
- 8) Acute cholecystitis.
- 9) Belladonna, Ferrphos and Chamomilla in acute ear ache.
- 10) Bryonia alba and Dioscorea in Appendicitis.
- 11) Sabal serrulate and Conium mac in BPH.
- 12) Causticum and Phosphorus in cataract.
- 13) Thuja and Fluoric acid in Ranula.
- 14) Kreosotum and Mezereum in Tooth caries.
- 15) Vipera and Pulsatilla in Varicose Veins.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Felty's Syndrome.
- 17) Phimosis.
- 18) Little's Area.
- 19) Rovising's sign.
- 20) Plummer – Vinson Syndrome.
- 21) Physostigma in Myopia.
- 22) A specific for ganglion cyst.
- 23) Cal.carb in Nasal polyp.
- 24) Medicine for Enamel deficient.
- 25) Sambucus in Adenoids.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

**B.H.M.S. DEGREE EXAMINATION – December 2020
Third Year**

SURGERY– PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Write in detail about burns and its types, pathophysiology, assessment and management.
- 2) Define Tumour. Write in detail about etiology, types, spread of malignant tumours with homoeopathic management.
- 3) Define tetanus. Write indications of hydrocyanic acid, cicuta, physostigma, ledum pal and passiflora in Tetanus.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Venous ulcer with two remedies.
- 5) Types of Haemorrhage with two remedies.
- 6) Anthracinum and Carbo. Vegetabilis in Carbuncle.
- 7) Heparsulphn and fluoric acid in ulcer.
- 8) Natrum sulph and Opium in head injuries.
- 9) Factors affecting wound healing.
- 10) Gas Gangrene with two remedies.
- 11) Keloid- Two indicate remedies.
- 12) Lipoma with two remedies.
- 13) Embolism.
- 14) Thuja and dulcamara in Warts.
- 15) Actinomycosis

III. Write short notes of the following: (Answer ALL): (10 x 2 = 20)

- 16) Myristica- Boils.
- 17) Meleney's ulcer.
- 18) Calendula – wound.
- 19) Pyrogen – Sepsis.
- 20) Hypertrophic Scar.
- 21) Madura foot.
- 22) Benzoic acid in bunion.
- 23) Apple- jelly nodule.
- 24) Colle's Fracture.
- 25) Volkmann's ischemic contracture.

(DEEMED TO BE UNIVERSITY), SALEM**

**B.H.M.S. DEGREE EXAMINATION – December 2020
Third Year**

SURGERY– PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Write the etiology, pathology, clinical features and differential diagnosis of acute appendicitis with homoeopathic management.
- 2) Define Nasal poly. Write about etiological theories, types, examination, and complications of nasal polyp with five remedies.
- 3) Write the indications of Belladonna, Rhus, Toxicodendron, Argentum Nitricum, Pulsatilla, Kalibichromicum in conjunctivitis.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Explain tinnitus.
- 5) Write in detail about Glaucoma.
- 6) Motor paralysis of the vocal cords.
- 7) Explain the causes of lower gastrointestinal bleeding.
- 8) Argentum nitricum and syphilinum in ophthalmia neonatorum.
- 9) Define Vicent's angina. Write two medicines with indications.
- 10) Classify Hernia. Explain inguinal hernia.
- 11) Mastoiditis.
- 12) Calcarea iod and agrophis nutans in adenoids.
- 13) Natrum mur and graphitis in anal fissure.
- 14) Causticum and aconite in facial palsy.
- 15) Clematis and belladonna in orchitis.

III. Write short notes of the following: (Answer ALL): (10 x 2 = 20)

- 16) Phimosis.
- 17) Snoring.
- 18) Chalazion.
- 19) Astigmatism.
- 20) Sentinel pile.
- 21) Apis in nephritis.
- 22) Plumbum MET in Hernia.
- 23) Physostigma in refractory errors.
- 24) Sambucus in adenoids.
- 25) Staphysagria and thuja in sty.

(Deemed to be University)

B.H.M.S. DEGREE EXAMINATION – February 2020
Third Year

SURGERY WITH HOMOEOPATHIC THERAPEUTICS: PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Define burns, classify, discuss types and write in detail steps to be taken in management of IIIrd degree burns.
- 2) Define keloid, discuss aetiology, clinical features, pathology, investigations, complications and management in detail of same.
- 3) Define ulcerative colitis, Discuss aetiology, clinical features, pathology, investigation, complication and management in detail of same.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Definition, causes, clinical features and management of Hydrocele.
- 5) Definition, causes, clinical features of Achalasia cardia.
- 6) Causes, clinical features, investigation and management of Pneumothorax.
- 7) Explain umbilical hernia in detail.
- 8) Definition causes, clinical features and management of acute mastitis.
- 9) Definition, causes, clinical features and management of gingivitis.
- 10) Definition, types, clinical features and management of Volvulus.
- 11) Definition, causes, clinical features and management of Cholecystitis.
- 12) Explain in detail Marjolin's ulcer.
- 13) Definition, causes, clinical features and management of Hodgkin's disease.
- 14) Definition, types, clinical features and management of Renal Calculi.
- 15) Definition, causes, clinical features and management of Gas Gangrene.

III. Write short notes of the following: (Answer ALL): (10 x 2 = 20)

- 16) Causes of Retention of Urine.
- 17) Enumerate D/D's of Haematuria.
- 18) Explain in short Congenital pyloric stenosis.
- 19) Classify ulcer.
- 20) Explain in short acute paronychia.
- 21) Explain in short corns.
- 22) Management of secondary Haemorrhage.
- 23) Murphy's sign.
- 24) C/F of intestinal obstruction.
- 25) Explain in short carbuncle.

(Deemed to be University)

B.H.M.S. DEGREE EXAMINATION – February 2020
Third Year

SURGERY WITH HOMOEOPATHIC THERAPEUTICS: PAPER - II.

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Define errors of refraction, enumerate the types and explain myopia in detail.
- 2) Define osteoarthritis, discuss stages, C/F, investigations and management in detail.
- 3) Describe etiology, clinical features. Investigation, complications and management of mastoiditis.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Explain the complication of conjunctivitis.
- 5) Discuss aetiology, C/F, and management of Leukoplakia.
- 6) Explain C/F and deformities of Rheumatoid Arthritis.
- 7) Discuss aetiology, C/F, and management of Dacryocystitis.
- 8) Define pterygium. Etiology, signs and symptoms and complications.
- 9) Discuss aetiology, C/F and management of Meniere's disease.
- 10) Discuss clinical features, complications and management Fracture clavicle.
- 11) Discuss in short cleft Lip and palate.
- 12) Explain aetiology, clinical features and management of carcinoma of larynx.
- 13) Indications of tracheostomy.
- 14) Write causes, pathology, clinical features of Ozena.
- 15) Explain aetiology, clinical features and management of Stye.

III. Write short notes of the following: (Answer ALL): (10 x 2 = 20)

- 16) Enumerate complications of Fracture neck femur.
- 17) Clinical features of Adenoids.
- 18) List out the types of conjunctivitis.
- 19) Define and classify fracture vertebrae.
- 20) Define and discuss fate of cold abscess.
- 21) Discuss C/F, and management of Blepharitis.
- 22) Management of epistaxis.
- 23) Discuss aetiology, and C/F of Brodie's Abscess.
- 24) Aetiology and C/F of night blindness
- 25) Enumerate type and varieties of fractures

(Deemed to be University)

B.H.M.S. DEGREE EXAMINATION – February 2020
Third Year

SURGERY WITH HOMOEOPATHIC THERAPEUTICS: PAPER - III

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Give the pathology of osteoarthritis with indication of Rhus tox, Bryonia, Ruta G, and Arnica.
- 2) Discuss the management of Pancreatitis, with Chionanthus, Lyco, kali Iod, and Nux vom in detail.
- 3) Discuss Types of Hemorrhage with indications of Hamamelis, Crotalus H, Bell and Phosphorus.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Discuss in detail working knowledge Nux Vom and kali Bich in peptic ulcer.
- 5) Discuss pathogenesis of Carbo Veg and Aesculus hip in Haemorrhoids.
- 6) Discuss therapeutic application of Berberies Vul and Lycopodium in Renal Calculus.
- 7) Discuss the scope of Astericus Rubens and Conium mac in Ca- Breast.
- 8) Discuss scope of snguinaria and Nux Vomica in Allergic Rhinitis.
- 9) Discuss therapeutic application of Kreostoe and Phosphorus in Dentegerous Cyst.
- 10) Write the indications of kali bich and Capsicum in Gastric ulcer.
- 11) Discuss the action of Hypericum and Causticum in Nerve injury.
- 12) Discuss scope of Graph and Bella in Uveitis.
- 13) Discuss the action of Aescullus and Podophyllum in Rectal prolapsed.
- 14) Discuss scope of Selinium and kali iod in Hydrocele.
- 15) Discuss scope of Lachasis, Secale Cor and Hamamelis in TAO.

III. Write short notes of the following: (Answer ALL): (10 x 2 = 20)

- 16) Indications of Kreosote in Dental caries.
- 17) Indications of Ruta in Ganglion.
- 18) Fissure in Ano- indication of Rathnia.
- 19) Cataract- indication of Nat mur.
- 20) Osteoarthritis- indication of colchicum.
- 21) Alveolar abscess- indications of Kreosote.
- 22) Pterygium indications of Sepia.
- 23) Cirrhosis liver indications of China.
- 24) Cerebral irritation indications of Opium.
- 25) Otomycosis indications of capsicum.
