

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – October 2023

Fourth Year

MATERIA MEDICA PAPER - I

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Recall the group characteristics and members of Ophidia. Evolve the drug portrait of Lachesis.
- 2) Describe sphere of action, construction, guiding symptoms, mind. GI affections, rheumatic affections of Ferrum met.
- 3) Compare and contrast Pulsatilla and Cyclamen female.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Anacardium mind.
- 5) Compare Staphyssagria and Mercurius sol in tooth affections.
- 6) Compare Rectal affections of Platina and Alumina.
- 7) Compare Cactus and Geisemium in heart affections.
- 8) Individualize characteristic of Apis and Apocynum in dropsy.
- 9) Individualize Theridion and Conium in vertigo.
- 10) Individualize Bufo in Epilepsy.
- 11) Compare HeparSulph and Silicia in skin affection.
- 12) Compare Croton tig and Thuja in diarrrohea.
- 13) Compare ipecac and Antim tart in respiratory complaints.
- 14) Natrum sulph constitution.
- 15) Compare Belladonna and Aconite in fever.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Theridionvertigo.
- 17) Ammonium Mur physical constitution.
- 18) Trio of Offensive remedies.
- 19) Asteria rubens breast affection.
- 20) Carboanimalis female.
- 21) Selenium male.
- 22) Taraxacum tongue.
- 23) Antidote relationship.
- 24) Apoplexy of Veratrum ver.
- 25) Bellis per – traumatism.

(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – October 2023

Fourth Year

MATERIA MEDICA PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) What are group characteristic of Magnesium group? Describe briefly the guiding symptoms, GI symptoms and female complaints of Magnesium carb.
- 2) Recall Barytagroup characteristics of remedies and enlist members of the group. Evolve the drug portrait of Baryta carb.
- 3) Define Sarcode. Enlist Sarcodes and describe briefly the guiding symptoms, mental symptoms and female complaints of Lac caninum.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Compare Cuprum met and Zincum met in nervous affection.
- 5) Compare Blue Cohosh and Black Cohosh.
- 6) Recall Syphilitic affections of Flouric acid.
- 7) Write common name, family name, guiding symptoms of Lilium Tig.
- 8) Compare and contrast Nash Trio of pain remedies.
- 9) Individualize Sanicula child.
- 10) Compare Spigelia and Sanguinaria in headache.
- 11) Compare Psorinum and Medorrhinum in respiratory affections.
- 12) Compare Acalypha and Millifolium in cough.
- 13) Compare Asafoetida and Raphanus in G I affections.
- 14) Compare Plumbummet and platina in constipation.
- 15) Compare Kalmia and Digitalis in heart affections.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Coca – therapeutic utility.
- 17) Aesculus hippocastanum – Piles.
- 18) Menyanthes head.
- 19) Erigeron female.
- 20) Cholesterinum therapeutic utility.
- 21) Onosmodium head.
- 22) Ceanothus abdomen.
- 23) Adrenalinum – general characteristics.
- 24) Artemisia vulgaris general characteristics.
- 25) Passiflora incarnata – nervous affections.

Sl.No: M23227

Course Code: 1610413

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

B.H.M.S. DEGREE EXAMINATION – May 2023

**Fourth Year
MATERIA MEDICA PAPER - I**

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Recall the characteristics of Carbon group of remedies. Enlist the members of Carbon group. Enumerate the guiding symptoms of Graphites.
- 2) Recall Spider group of remedies. Write group characteristics and clinical application of Theridion.
- 3) Recall Acid group of remedies and the group characteristics. Evolve the portrait of Picric acid.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Compare Arnica and Baptisia in Typhoid.
- 5) Compare Lycopodium and Chelidonium in liver affections.
- 6) Compare Spongia and Drosera in respiratory affections.
- 7) Sepia female.
- 8) Conium male.
- 9) Borax child.
- 10) Thuja constitution.
- 11) Compare Alumina and Bryonia in constipation.
- 12) Glandular affections of Phytolacca.
- 13) Compare Camphora and ver album in cholera.
- 14) Agaricus muscarius in nervous affections.
- 15) Compare benzoic acid and colchicum in joint affections.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Kali mur catarrh.
- 17) Infantile convulsion in Aethusa cynapium.
- 18) Ammonium Mur physical constitution.
- 19) Nash's Trio of Offensive remedies.
- 20) Euphrasia eye affection.
- 21) Thlapsi bursa pastoris female.
- 22) Bellis per – back.
- 23) Inimical relationship.
- 24) Ledum Pal joint modalities.
- 25) Digitalis heart.

**VINAYAKA MISSION'S RESEARCH FOUNDATION
(DEEMED TO BE UNIVERSITY), SALEM**

**B.H.M.S. DEGREE EXAMINATION – May 2023
Fourth Year**

MATERIA MEDICA PAPER - II

Time: Three hours

Maximum: 100 marks

I. Write long essays on any **TWO** of the following: (2 x 15 = 30)

- 1) Enlist members of Solanaceae family. Add a short note on this group members. Attempt comparative study of Belladonna and Stramonium children with fever.
- 2) Describe Natrum Muriaticum patient as a person. Recall other members of the family and group characteristics.
- 3) Compare and contrast Spigelia, Sanguinaria and Silicea in headache.

II. Write short essays on any **TEN** of the following: (10 x 5 = 50)

- 4) Describe cocculus in nervous affections.
- 5) Enumerate the guiding symptoms of Carcininum.
- 6) Compare Lithium carb and Kalmia in cardiac affections.
- 7) Indications of Pyrogenum in septicaemia.
- 8) Compare Rumex and Mephites in respiratory.
- 9) Describe Cicutavirosa in skin and nervous affections.
- 10) State the High rank symptoms of Hydrocotyle and Physostigma.
- 11) Compare prostration of Avena sativa and Passiflora.
- 12) Discuss gastric and female complaints of Abies Canadensis.
- 13) Compare X ray and radium bromide in skin affections.
- 14) Therapeutic application of proteus bacillus.
- 15) Valeriana officinalis – therapeutic utility.

III. Write short notes of the following: (**Answer ALL**): (10 x 2 = 20)

- 16) Indications of Melilotus in hemorrhage.
- 17) Capsicum mental symptoms.
- 18) Clinical utility of Sabal serrulata.
- 19) Merc dulcis ear complaints.
- 20) Morgan pure in therapeutics.
- 21) Indication of pains of Viburnum opulus.
- 22) Vinca minor – eczema.
- 23) Coffea toothache.
- 24) Ficus female.
- 25) Variolinum skin.

Fourth Year**

MATERIA MEDICA PAPER - I

Maximum: 100 marks

Time: Three hours

(2 x 15 = 30)

I. Write long essays on any **TWO** of the following:

- 1) Group characteristics of Loganiaceae and write in detail about Nux. Vomica.
- 2) Contrast Aloes, Podophyllum and Ars alb Diarrhoea.
- 3) Indications of Mezerium, Vinca minor and Urtica urens in skin complaints.

II. Write short essays on any **TEN** of the following:

(10 x 5 = 50)

- 4) Abrotanum and Natrum mur Child.
- 5) Hamamelis and Millefolium in bleeding.
- 6) Allium cepa and Euphrasia URTI.
- 7) Mephitis and Rumex Cough.
- 8) Selenium and Agnus in impotency.
- 9) Rhus tox and Bryonia in Rheumatism.
- 10) Indications of Anthracinum.
- 11) Helleborus indications in Meningitis.
- 12) Collinsonia hand Aesculus in Hemorrhoids.
- 13) Natrum mur Head ache.
- 14) Glonoine and Belladonna in head ache.
- 15) Argentum nitricum Mind.

III. Write short notes of the following: (**Answer ALL**):

(10 x 2 = 20)

- 16) Kalmia Rheumatism.
- 17) Plumbum met in constipation.
- 18) Indications Sabel Ser.
- 19) Baryta child.
- 20) Cicuta Epilepsy.
- 21) Stannum met cough.
- 22) Sambucus Nose.
- 23) Nux vom stomach.
- 24) Arnica Injury.
- 25) Urtica Urens Skin.
